The National apology to the stolen generations anniversary was noted on the day. The Prime Minister's speech can be viewed at:

BILL HARNEY EXHIBITION

Margie West, ex of MAGNT, visited Art Mob recently to start putting Bill Harney's major exhibition together. We reviewed all of the material that had passed through the gallery including our extensive stock of the great old man's works for selection for the April 2016 exhibition. Bill has just completed a major painting that "puts it all together". It's available for purchase on the condition that it is loaned to the forthcoming exhibition.

PINK 2015

The tradition certainly continued! There was a great turn up on the launch evening of our 8th Pink show and Euan reckoned that he was the pinkest (along with Murdie)! It was a wonderfully diverse exhibition that sold well. Some wonderful pieces still await your attention. Our next exhibition launches on March 13th and showcases Art Mob's Top 20 artists. These have been compiled from our past 12 month's sales and there are some surprises!

EMMA NUNGARAI DANIEL

Emma was one of the earliest female Aboriginal artists at Papunya along with Pansy Napangardi, Topsy Peterson, Tilau Nungala and Daisy Nakamarra Leura. We have quite a stock of her smaller unstretched works available at very affordable prices!

VALE SALLY GABORI

We were saddened to hear of the recent passing of our Mornington Island artist. Art Mob was one of the first galleries to promote this amazing lady with her strong colour field depictions of her home country on Bentinok Island in the Gulf of Carpentaria. Her early fish paintings were in strong demand and we shipped them the world over. Her last of this style featured in our exhibition "The Tail End of Sally's Fish" in September 2006. She will be greatly missed and our condolences go to her family and community.
